Professional Summary

B.Tech IT graduate (2025) with hands-on internship building responsive web applications, secure cloud systems, and Linux automation scripts. Expertise in full-stack development (.NET, JavaScript, Python), DSA, CI/CD pipelines, and cloud concepts. Delivered projects that improved usability by [30%] and ensured 100% data security. Passionate about scalable solutions and open-source contributions. Seeking entry-level Software Engineer role.

Technical Skills

- Programming:** C/C++, Java, Python, JavaScript
- Web & Frameworks:** HTML, CSS, JavaScript, .NET
- Tools & Platforms:** Azure DevOps, Git/GitHub, MySQL, Linux
- Core Fundamentals:** OOP, DSA, DBMS, CI/CD, Cloud Concepts, Secure Development
- Data & Analytics:** Tableau, Power BI

Professional Experience

Software Development Intern ProAzure Software Solutions Pvt. Ltd., Pune **Jun 2024 – Aug 2024**

- Designed and developed responsive web interfaces using .NET and JavaScript, improving cross-device usability by [30%] for client applications
- Built and optimized full-cycle application testing workflows with Azure DevOps and Git, achieving [95%] test coverage and reducing bugs by [40%]
- Implemented secure development practices and modern database solutions (MySQL), contributing to [3] client-focused web projects
- Automated repetitive tasks using Linux scripts, saving [4 hours/week] in team operations

Key Projects

Real-Time Chat Application [April 2026] 

- Built a full-stack real-time chat application using MERN stack (React, Node.js, Express, MongoDB) and Socket.io, enabling instant messaging with online/offline status
- Implemented secure JWT authentication, password hashing, responsive UI with Tailwind CSS, and scalable backend with proper data models for users, chats, and messages

To-Do List Web Application [Feb – Mar 2024] 

- Developed responsive full-stack task management app using .NET, JavaScript, and MySQL with dynamic real-time UI, supporting [100+] concurrent users
- Integrated CI/CD practices for seamless deployment, reducing update time by [50%]

Weather Forecast Web Application [Jun 2025] 

- Created responsive weather dashboard with dynamic UI, API integration, and location-based forecasts, delivering real-time data to [200+] test users

8-Puzzle Game Solver [July 2025] 

- Implemented A* search algorithm with Manhattan heuristic in Python to solve 8-puzzle problem, finding optimal solutions with minimal moves
- Optimized search efficiency using priority queue, achieving faster solving time compared to uninformed search methods (BFS/DFS)

Education

B.Tech Information Technology

CGPA: 6.91

HSC

91.33%

SSC

87.20%

Gh Rasoni College of Engineering & Management, Pune

2021 – 2025

Shri Shivaji High School & Junior College, Mehkar

2019 – 2021

Shri Shivaji High School, Sultanpur

2019

Certifications & Achievements

- Copyright for Secure File Storage System (2024)
- TechSaksham Certificate – Microsoft
- Career Essentials in Data Analysis – Microsoft & LinkedIn
